

NOBAQUICK®

REF 154500

Product Description and Purpose

The water-repellent skin protection cream is made from carefully selected ingredients and is quickly absorbed by the skin. Originally developed for use in plaster cast rooms, it is versatile and does not leave a greasy residue. NOBAQUICK® moisturizes the skin and gives it a pleasant feel, also helping to maintain the natural protective acid mantle of the skin. The skin tolerance is dermatologically tested. Without colouring, paraben and silicone. Suited for skin protection in accordance with skin care plans, also in the food sector.
