

PFLEGEKITTEL

REF 664110

Product Description and Purpose

The yellow protection gown (size L) is made of non-woven. Its frontside and the arms are impermeable to liquids, blood and viruses. Arm cuffs facilitate the donning of disposable gloves. The yellow color exerts a signal effect for the user in the nursing of MRSA and VRSA patients. The product is hygienic individual packed and sterilized.

Composition

Polypropylene, polyethylene (front and arms)

Normative and Legal Requirements
